July 10, 1930

Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONTRACTING

ISSUED WEEKLY

VOLUME 104

January 1 to June 30, 1930

McGRAW-HILL PUBLISHING COMPANY, INC.
TENTH AVENUE AT 36TH STREET
NEW YORK

Published weekly. $5 per year. 25 cents per copy. Entered as second-class matter April 11, 1917, at the Post Office at New York, N. Y., under the Act of March 3, 1879. Printed in U. S. A.

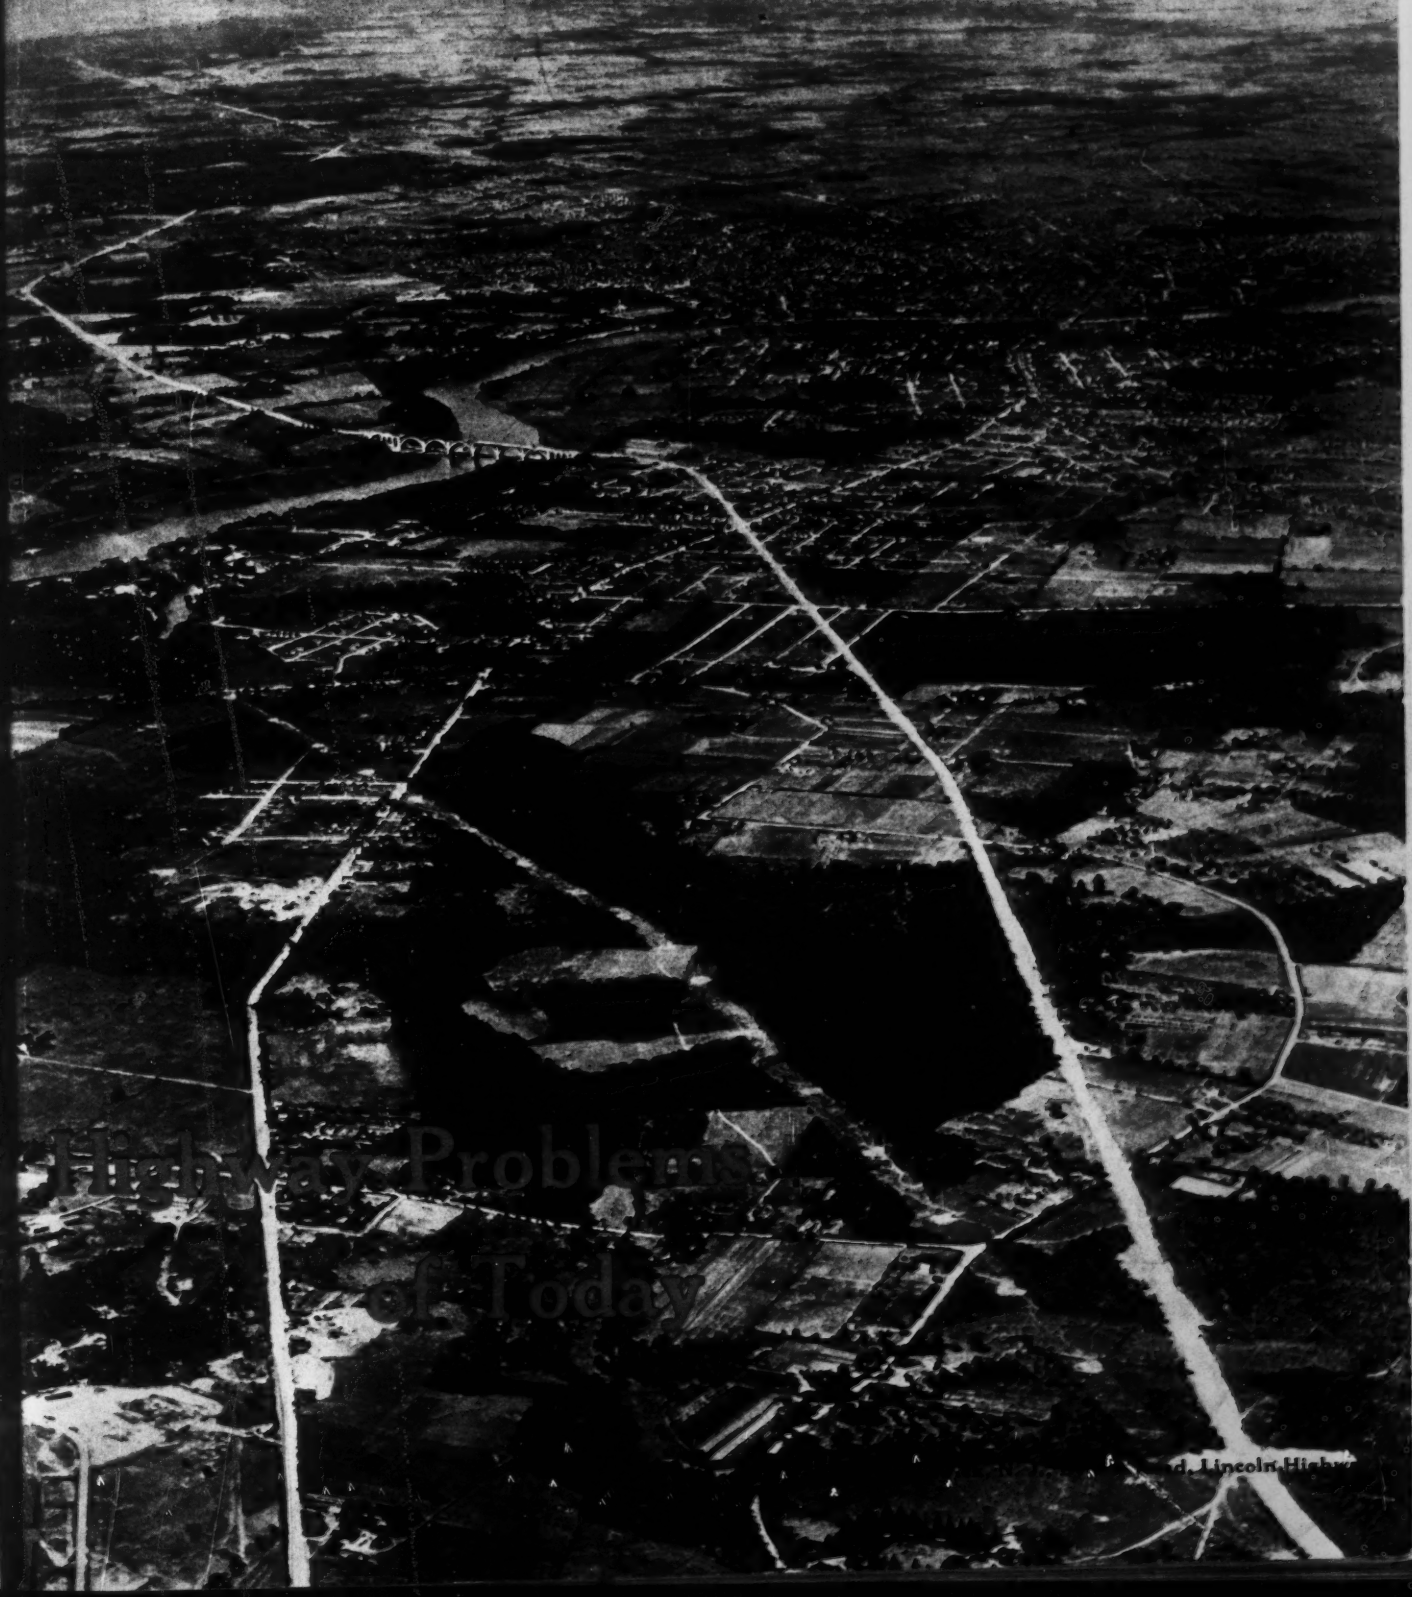
Engineering News-Record



The International Telephone *and* Telegraph Building —*New York City*

The Building of the International Telephone and Telegraph Corporation, shown on the right, was completed on May 1, 1928, and the architect's conception, above, combines the present structure with the addition to be completed May 1, 1930. Bethlehem Wide-Flange Structural Shapes were used in the steel framework of the original structure, and will be used also in the framework of the addition.

BETHLEHEM WIDE-FLANGE STRUCTURAL SHAPES

BETHLEHEM STEEL COMPANY · · *General Offices:* BETHLEHEM, PA.

District Offices: New York, Boston, Philadelphia, Baltimore, Washington, Atlanta, Pittsburgh, Buffalo, Cleveland, Detroit, Cincinnati, Chicago, St. Louis, San Francisco, Los Angeles, Seattle, Portland, Honolulu

ENGINEERING NEWS-RECORD. January 2, 1930. Vol. 104, No. 1. Published weekly. McGraw-Hill Publishing Company, Inc., Tenth Avenue at Thirty-sixth Street, New York, N. Y. $5 per year. 25 cents per copy. Entered as second-class matter, April 11, 1917, at the Post Office at New York, N. Y., under the Act of March 3, 1879. Printed in U. S. A.

June	19	999 to 1038
June	26	1039 to 1076

A

ACCIDENT AND ACCIDENT PREVENTION
- Boston bridge burns n989
- indicted, for manslaughter e508
- Material on track causes accident n538
- Proposed new building code for New York City e269
- Railing and ladder safeguards for canals of Kittitas project *988
- Safety code proposed for grandstands n914
- Thirteen men killed in two tunnel explosions n989

Acoustics:
- Acoustic correction of auditorium. F. R. Watson *105

AERONAUTICS

Airplanes:
- Question of plane crashes e348

Airports:
- Alameda airport enlarges n1030
- Aeronautics and civil engineering in airport development. B. R. Shaw. l 536
- Boston municipal airport to be enlarged n946
- Committee on drainage and surfacing organized n1031
- Drainage system of pipes. H. E. Cotton *887
- Easton, Pa. to have airport n947
- Lehigh competition 54
- Lehigh competition reveals innovations *77
- Los Angeles airport dedicated n459
- San Mateo base improved n992
- Sprinkler installations to be tested n584
- Army air corps appropriation 125

Hangars:
- Long bascule doors in new Ft. Worth hangar. C. M. Thelin *894
- Steel Lamella roof on Turkish hanger *205
- Landing field maintenance e467

Air cleaner *1035

Air traffic:
- Safeguard air travel! ..... -171

Air transport progressing e218

Alloys-rolled light-alloy shapes e429

Alloy steels used in locomotives for mountains *572

ALUMINUM
- Beams tested for structural qualities. R. L. Templin and E. C. Hartmann *314
- Rolling aluminum structural shapes *452
- Structural tests e307

AMERICAN CONCRETE INSTITUTE
- Annual convention 330
- Author-chairman plan e308
- Publications and meetings 55

American Gas Association:
- Studies of pipe joints and pipe coatings 718

American Institute of Architects:
- Sixty-third convention n947

American Railway Engineering Association:
- Economic and research problems discussed 489

AMERICAN ROAD BUILDERS ASSOCIATION
- Association reformation 172
- Elect Van Duzer president 165
- Equipment and materials at the 1930 road show 200
- Equipment and materials at 1930 show. *160

American Society for Testing Materials:
- Detroit meeting n539

AMERICAN SOCIETY OF CIVIL ENGINEERS
- Active interest in technical and professional matters 156
- Board of direction acts n701
- Mid-South section meets n875
- Reclassification of members e130
- Sacramento, Calif. meeting 732

AMERICAN SOCIETY OF MECHANICAL ENGINEERS
- Anniversary celebration n628
- Celebrates 50 years of service n585
- Golden anniversary e548

American Standards Association:
- Completes financing program n1070

AMERICAN WATER WORKS ASSOCIATION
- Better waterworks coverage e1001
- Indiana section meets n583
- Jubilee convention held at St. Louis n991
- Meeting at St. Louis 980

AMERICAN WELDING SOCIETY
- Beam connection tests discussed 727

Aqueducts:
- Colorado aqueduct, alternative routes *59
- Pipe lines of the Hetch Hetchy aqueduct 405

Arkansas Engineers Club convention n340

ASPHALT
- British emulsified asphalt e308
- Cold-laid asphalt emulsion 464
- Philadelphia Club discusses paving problems n378
- Producers reorganize 44
- Winter paving accomplishment e429
- Winter paving with asphaltic concrete on macadam base. Walter H. Flood. *446

Asphalt Institute elects officers n543

ASSOCIATED GENERAL CONTRACTORS OF AMERICA
- Credit practices considered n992
- Financial revivification e755
- Problems considered at New Orleans meeting 205
- Special board meeting n784

Assn. of Highway officials of the North Atlantic States-Convention 373

Association progress e962

AWARDS
- Prizes to students for bridge design n824
- Safety medal for cement plants n671

B

Barge line competitions meets railroad opposition 198

BEAMS
- Aluminum beams tested for structural qualities. R. L. Templin and E. C. Hartmann *314
- High unit stresses recommended for concrete-cased I beams *798

BLASTING
- Accidents from blasting caps e597

BONDS
- Court validates Centralia's power development n1030
- Florida to burn Everglades bond issue n947
- Interest payments on Moffat tunnel bonds suspended 82
- Kentucky accepts bids for bridge bonds 165
- Los Angeles votes on water bonds n415
- Los Angeles votes water bonds n909
- Nashville to vote on bond issues n1030
- New Jersey bond issue proposed for water supply n541
- New Jersey—to finance public improvements n739
- Ohio cities bond issues fare badly 151
- Phoenix, Ariz. to vote on bond issue n911
- Salt Lake City defeats water bond issue. n872
- San Francisco to vote on bond issue n945
- Toronto defeats bond issue for city improvements 82
- Tulsa, Okla. votes bonds for public improvements n377
- Validity of Kentucky Bridge bonds upheld n1070

BOOK REVIEWS
- Aide calcul graphique pour le mechanique generale (Coloman Vargha) 1025
- American city government and administration (A. F. MacDonald) 663
- American Civil engineers' handbook. Ed. T. Merriman and others 816
- American Standards Year Book 1026
- Applications of reinforced concrete (L. J. Mensch) 115
- Alexander Boots: Earthworn tractors (W. H. Upson) 118
- Audit of America (Edward E. Hunt) 493
- Bridges (W. E. Rudge) 661
- Canadian Engineering Standards Assn. Year Book 1026
- The changing character and extent of municipal ownership (H. B. Doran) 117
- Chicago: More intimate view of urban politics (Charles E. Merriam) 335
- City of tomorrow and its planning (Le Corbusier) 334
- City planning (Ed. by J. Nolen) 115
- Co-ordinated motor-rail steamship transportation (G. L. Wilson) 1026
- Dance of the machines (Edward J. O'Brien) 494
- Deformationsmessungen an staumauern. Von W. Lang 817
- Electric power and light companies (Bonbright Survey) 663
- Elements of topographic drawing (R. C. Sloane) 662
- Eli Whitney Forest (Ralph C. Hawley) .1025
- Flow of water in riveted steel and analogous pipes (Fred E. Scobey) ... 495
- Forests and mankind (Chas. L. Pack and Tom Gill) 495
- Future movement of iron ore and coal in relation to the St. Lawrence Waterway. F. S. Warner 818
- Future plan of Paris (Albert Guerard) ... 662
- German ways with bridges. Reviewed by O. H. Amman 493
- Highway curves (H. C. Ives) 117
- Introduction to mechanics (J. W. Campbell) 495
- Italian work on reinforced concrete (L. Narducci) 661
- Labor problems (G. S. Watkins) 118
- Materials for the study of public utility economics. H. B. Doran 816
- Metropolis of tomorrow (Hugh Ferriss) 334
- Municipal year book. Ed. by Edwin Fairchild 495
- Neighborhood and community planning (C. A. Perry and others) 663
- New International Encyclopedia 818
- North Middlesex regional planning scheme 115
- Our cities today and tomorrow (T. K. Hubbard) 11
- Plans and studies, Washington and vicinity (Govt. publ.) 115
- Poetry and mathematics (Scott Buchanan) 494
- Problems in the theory of River engineering (H. Chatley) 118
- Prosperity reserves of public works (V. A. Mund) 1026
- Public ownership on trial (Fred. L. Bird and Frances M. Ryan) 495
- Publications received 118, 336, 496, 664, 819
- Regional survey of New York and its environs (H. M. Lewis) 115
- Reinforced concrete construction (J. Poldosky) 117
- Romance of the machine (Michael Pupin) 1024
- Safe practices pamphlet 818
- Sewerage and sewage disposal (Leonard Metcalf & Harrison P. Eddy) reviewed by Prof. John Gregory 334
- Standards of design for concrete (U. S. Navy Dept.) 494
- Tests of large timber columns (J. A. Newlin) 663
- Toward civilization. Ed. by C. A. Beard. 1024
- Transportation glossary for students. H. G. Brady 818
- Trink un Nutzqasser (Dr. Willi Vollbrecht) 1025
- The universe around us (J. Jeans) 117
- Upper Colorado River and its Utilization (R. Follansbee) 1026
- Vom Wasser, reviewed by Willem Rudolfs 336
- Der Wasservau (Armin Schoklitsch) ... 1025
- Der Wasserbau (Dr. Schoklitsch) 335
- What about the year 2000? 115
- What road paving really needs (Fred C. Wilcox) 495

BRICKS AND BRICKWORK
- Clay products form subject of three recent meetings n627
- Old brickwork in St. Johns, N. B. n*1030

BRIDGE ABUTMENTS AND PIERS

Abutments:
- End bearings of bridge allow for shifting *698

BRIDGE ACCIDENTS AND FAILURES
- Burrard Inlet span carried away n785
- Maryland Bridge collapses under heavy load n1069
- Old bridge in Germany accidentally destroyed 974

BRIDGE DESIGN
- Friction on bridge expansion plates ..... l 700
- Joints, research data wanted on friction in joints. T. E. Stanton ..... l 536
- Transportation problems govern suspension bridge. F. A. Kittredge e*56

BRIDGE ERECTION
- Developments tests on a light floor for bridges. L. S. Moisseiff *71
- Floor weight 53
- Opposition to Portland bridge e792
- Sydney Harbor highway and railway bridge *761

Bridge floors:
- Thin bridge floors concreted in Vermont winter. H. L. Tilton and F. B. Saunders *1002

BRIDGE RENEWALS AND REPAIRS
- Watertown replaces steel bridge with reinforced concrete. E. H. Harder ... *603

BRIDGE STRESSES
- Overhead trusses carry arch forms in Penn. R.R. bridge at Philadelphia .. e*282

BRIDGES
- Amsterdam: bridge unusual design *584

Arch:
- Tests of the Arlington Memorial 361
- Arc-welded—first in Europe. S. Bryla .. *644
- Arizona completes one bridge and starts another n738
- California uses approach span as falsework on Suisun Bay Bridge n460

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Cantilever:
Longview, Wash., bridge 1,200 ft. main span *804
Quebec bridge adds highway between railway tracks. J. Jobin.....*1045
Charleston bridge completed n459
Chicago, land vs. water traffic e507
Concrete: New Jersey, has new ideas..e308
Concrete two traveling towers place on New Brunswick multiple arch bridge..*317
English bridge 3½ miles long proposed..n582
Fort Lee suspension bridge over Hudson River:
Cable spinning completed n*414
Manufacturing high-modulus foot-bridge ropes. C. C. Sunderland....*714
New Jersey approach contract awarded..n990
Germany, new suspension across Rhine. *41
History:
French pioneers in engineering. J. K. Finch *676
Hudson River—army engineers hear pleas for bridge at 57th St.....n989
Kaibab Trail suspension:
Bridging the Grand Canyon 54
Transportation problems govern suspension bridge design. F. A. Kittredge e*56
Kill van Kull. O. H. Ammann 157
Great bridge construction 130
Lake Worth bridge collapse claims.... 40
Legislation—committee appointed to study n702
Longview bridge opened *625
Major engineering projects.....*254
Movable:
Repair of damages bascule lead at Rochester, N. Y. W. H. Roberts..*724
New York City:
Hudson River bridge hearing to be reopened n821
Vill van Kull bridge making progress.n*911
Last link of triborough bridge approved n821
(See also Bridges, Fort Lee, Kill van Kull.)
New York State:
Legislation includes St. Lawrence plan n739
plan n739
North Carolina complete Cape Fear river bridges 39
Pier construction for the S. P. Railroad bridge across Suisun bay. C. R. Harding .....c. map.*174
Pittsburgh cantilever bridge 208
Railway bridge over Newark Bay open to traffic 206
Railway:
English railway bridge raised by jacks 410
Reinforcing Maumee River Bridge piers under heavy traffic *406
Steel arch bridge in India *1031
Red River bridge..... 40
St. Lawrence bridge *989
Bridge board named.....n1070
San Francisco Bay—borings to determine foundation conditions e348
Borings show rock at great depths..n821
Golden Gate bridge — borings show foundation suitable *614
Cost e598
Project to come to referendum vote e919
Seattle franchise granted n414
Steel:
Award for artistic steel bridge.....n667
Award for most artistic steel bridge.n585
Suisun Bay bridge piers 172
Suspension:
Arizona *342
Grans'Mere and Portland bridges....e270
Portland, Oregon bridge (F) c*272
Royal Gorge bridge in Colorado. G. E. Cole *922
Tampa to have causeway and tunnel..n822
Toll bridges:
Ambassador bridge traffic controlled by photo-electric cells *974
Traffic:
Ambassador bridge has "optical turnstiles" e961
Staten Island bridges increase in traffic 357
U. S. War Dept. approves plans for Hero-Hackett Bridge 205
Vancouver to build new bridge..... 40
Vicksburg bridge formally opened....n*873
Waldo-Hancock:
Highway suspension, across Penobscot River 166
Westinghouse bridge at Pittsburgh....*823
Wilkes-Barre multiple-arch bridge—1,500 ft. cableway handles concrete. P. W. Ennis *1054
Wooden bridge carries modern highway traffic n*1032

BUILDING ACCIDENTS AND FAILURES

Coal pocket collapses n*377
Coal pocket designer indicted for manslaughter n539
Designer responsibility e386
Old buildings e1039
Responsibility for disaster e711
Seven-story brick building collapses in N. Y. C. n1069
Steel cores for four-story concrete building collapse during erection.....*909
Taking chances e881
Temporary structures e919

BUILDING CONSTRUCTION

Construction need e1039
Costs—credit and building.....e961
Design and construction of a 125,000-ton rock-storage bin *964
Fabricating or building 90
Hoover signs appropriation bill.....n582
House-building industry e962
International building questions discussed at London Congress 985
Meeting modern demands e791
Newark has all-welded building.....n1029
71-story skyscraper in 33 weeks.....*800
Steel design and erection on 900 ft. tower building. O. F. Sieder.....*756
Unusual foundation procedure for 71-story building. W. T. McIntosh *691

BUILDING DESIGN

City engineers office planned for public service c*153
Steel design and erection on 900 ft. tower building. O. F. Sieder.....*756
Stresses:
Rigid frames and continuity in tall buildings. J. Portas .....l 780
Vibration effects on foundations and masonry structures 900
Wind-resistant:
Wind design for buildings without diagonals. Albert Smith.....l624

BUILDING LAWS AND REGULATIONS

Building codes and the Producers' council. F. S. Laurence l1028
Building code committee, U. S. Dept. of Commerce. W. K. Hatt 926
Building code of Hammurabi. L. B. Tuckerman l944
Designer certification and column formulas in New York building code. Unger & Schulze .....l 779
For efficiency in building e921
New York adds new steel clauses to code n540
New York City—engineers may again file plans n737
N. Y. Engineers lose fight over multiple dwelling law n947
New York's new code aids e549
New York State multiple dwellings law attacked n973
Proposed new building code for New York City e269
Setback building lines favored by Los Angeles County n666
Steel and iron amendment to N. Y.'s code 622

BUILDINGS

Chicago:
Adding stories to steel-frame bank building. Max Rosner *516
Merchandise Mart, world's largest commercial building *947
Gulf refining comp. bldg., Pittsburg.... 168
London Exhibition building 697
London's largest office building being speedily erected *537
New York City:
Irving Trust Co. being constructed...*665
Lincoln Building—steel construction. Albion N. Van Vleck *388
Manhattan Company building *628
Manhattan Co. — foundations built under old building. W. T. McIntosh *691
Manhattan Co.—steel design and erection. O. F. Sieder *756
RCA-Victor building n*416
Skyscraper to have double-deck elevators n822
St. Louis exhibition building *935
Tall buildings and the wind. Elwyn E. Seelye *481
Without attics e386
Bulldozers:
Height of blade controlled by gears....*827
Business:
Stability continues e211
Survey of e212
Work and efficiency e385

C

Cables:
Cableway removes debris and forms on concrete building job. Z. Witkin.... *37
Hudson River cable spinning 39
Manufacturing high-modulus footbridge ropes for Ft. Lee Hudson River bridge. C. C. Sunderland *714
Tongs for electric cables *559
Canadian Institute of Steel Construction:
Formed n785

CANALS

Germany to have deep canal..... 76
Increasing drainage canal capacities in New Orleans. A. F. Theard.....*925
Kittitas—railing and ladder safeguards.*988
Locks:
Construction of the new Ijmuiden lock. J. A. Ringers *769
Three opened on New Welland Canal.n738
Navigation on the Ohio e431
New York barge canal—federal acquisition recommended n625
Ohio River canalization—its history and possibilities. C. W. Kutz.....*432
Panama—Canal transits decline.....e961
Potomac River canal plans..... 40

CEMENT

Batching plant for loading mixer trucks.*384
Cleaning Chatelier flasks. Harry Tucker 292
Compound controls setting time of Portland cement n951
Durability of Portland cement. R. Merriman 62
Durability of Portland cement. W. F. Way l411
Gunite specifications, revision needed. J. V. Schaefer..... 108
Layout and construction of new wet-process cement plant in Texas. T. Bartlett *889
Manufacturers form new trade association 304
Portland cement case dismissed.....n1030
Progress in inspecting cement-testing laboratories 518
South Carolina protests prices.....n991
Two producers combine..... 304
Census:
Canvass of construction work underway n1030
Census survey e573
Chamber of Commerce:
Survey nation's problems.....n782

CHICAGO

Citizens successful in raising tax fund..n458
City budget 173
Filtration nearer e754
Great case ends.....e635
Indictments against Sanitary District officials n1029
Land vs. water traffic.....e507
Rapid transit e1040
Selling tax warrants to its citizens....n379
Text of decision in Lake diversion case.. 696
To vote on unified traction service....n1069
Traffic plans discussed.....n379

CHICAGO DIVERSION OF WATER FROM GREAT LAKES

City asks extension of time..... 265
Lake diversion reduced..... 53
Sewage disposal and navigation at Chicago 42

China:
Breaking ancient walls.....e712
Sanitation in China as noted by an American engineer. Harold F. Babbitt *484

CITIES

Covington-Bell ousted as city manager..n910
Kratz appointed manager.....n989
Detroit city engineer reinstated.....n912
Oakland citizens petition for vote on city manager n991
Rated in health conservation contest...n704
St. Paul again defeats city manager charter n1071
Sherrill resigns as city manager of Cincinnati n738
Watertown-Ackerman ousted as city manager n703

CITY PLANNING

Department of city planning urged for New York n910
Knoxville begins to carry out its new plan. H. H. Hale.....*642
Minneapolis plans two civic centers....n584
Newark ordinance adopted n121
State court upholds plat-filling law.... 286
Zoning ordinance held invalid.....n582
Civil engineering defined for registration purposes 190

COLORADO RIVER

Boulder Dam Project:
Act effective e213
Arizona protests n1028
Budget to start construction.....n781
Contracts signed for allocation of power n737
Controlling. R. F. Walter (F).....*247
Economic development of its basin. E. Mead (F) *240
Height increase of 25 ft. advised....n701
Injunction sought to halt project....n1069
Obstructing a great work.....e833
Power contracts bids.....e507
Power contract modified.....n945
Tri-state conference 39
Untimely wrangling e307
Why height was increased.....1066

COLUMNS

Adding stories to steel-frame Chicago bank building. Max Rosner.....*516
Gunited footings provide continuous reservoir lining *698
Reinforced-concrete columns with cast-iron cores e277
Support holds columns during foundation alterations. S. D. Werner.....*776
Tests of large size columns a correction. R. S. Johnston.....l496

COMPRESSED AIR AND AIR TOOLS

Compressor driven by tractor.....*827
New York laws.....e508
Pump, hoist and grinder by compressed air *1035
Tractor mounted air compressor.....*464
Welder and compressor combined (Schramm Inc) *588

CONCRETE

Concrete freight-train caboose..... 108
Cone-shaped concrete carrier body on wagon *916
Curling stresses in concrete pavement. R. M. Green.....l820
Delaying setting of test specimens. Geo. J. Greisenauer.....l338
Design and construction of a 125,000 ton rock-storage bin.....*964

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Design of monolithic concrete siphons simplified by use of diagrams. J. J. Doland *1047
Disintegration—causes. F. R. McMillan. l 735
Florida rock proves satisfactory for concrete *279
Forty year old concrete in Crystal Springs dam still watertight. McMillan and Lagaard *766
Improved sieve shaker aids field testing road materials *294
More work out of concrete e307
Pipe jacked through natural ground under three tracks e294
Pneumatic tool smooth concrete *1036
Precautions recommended for concrete in alkali soils 725
Tests. Z. Witkin ..... l 736
Tests of concrete. Geo. J. Griesenauer. l 412
Water ratio theory:
Pennsylvania Railroads concrete practice. A. B. Wang ..... l 624

CONCRETE AGGREGATES

Inadequate knowledge e636
Uniform specifications in Detroit. L. G. Lenhardt 655

CONCRETE MIXERS

Chain-driven body mixes concrete on road (Chain Belt Co.) *632
One bag mixer *54

CONCRETE PROPORTIONING AND MIXING

Preliminary studies and control of concrete on Port of New York Authority work. A. W. Munsell *902
Weighing hoppers and scales. P. M. Tebbs *560

CONCRETING

Care in placing concrete e429
Constructing viaduct of concrete arches. Merrill, Butler and A. L. Enger *524
Lining Seattle sewer tunnel with concrete *442
Placed in thin, high wall by scheme resembling the Tremie *293
Rapid-hardening cement used in patching concrete pavement. D. S. MacBride. *1006
Rapid floor concreting in Chicago office building *532
Thin bridge floors concreted in Vermont winter. H. L. Tilton and F. B. Saunders *1002
Welded steel forms to place color design on sidewalks *534
Winter concreting lessons e999

CONCRETING PLANTS

Wet-process cement plant in Texas. T. Bartlett *889
Condemnation—excess in Cincinnati declared invalid n910
Condensers:
Hydrogen cooling utilized in condenser.. 405
Conduits:
Alternate stages and critical depth in circular hydraulic conduits. T. R. Camp 1016

CONSTRUCTION

Census to be taken n625
Conditions, methods and plant. C. S. Hill (F) *233
Efficient concrete plants on building jobs. Z. Witkins ..... †112
Equipment-flatten the market peak e548
Equipment—present day trends e547
Equipment — special parts manufacture improves 576

Indiana contests breaking n666

CONVEYORS

British coal reaches sea by 7¼-mile ropeway *543
Portable continuous conveyors. W. B. Greene *569
Copper refinery for Montreal n912

CRANES

Bridge cranes erect London Exhibition building *697
Combination locomotive-crane derrick car *533
Railroad crane 350 ft. away raises wrecked gantry from river. W. E. Lewis *777
Welded girder lifts heavy loads *503
Crawler traction. A. E. Loder *577
Crawler wheels for wagons *787

CULVERTS

Culvert engineering e919
Investigation of crushing loads on cast-iron pipe under rockfill. M. G. Spangler *931
Studies in pipe culvert durability and performance. S. B. Slack 938

D

DAMS

Alexander dam. (See Earth dam.)
Arch:
Ariel construction progressing n784
Philippine dam near completion n460
Calderwood gates closed n739
Flood overflow scours deep into rock. *1064
Canyon Dam site explored n498
Catawba River power possibilities developed through stream control *1007
Chile dam, contract for 123
Circular cell cofferdam on Deadman Island. W. H. Fowler *66
Concrete—dam design provides for deflection by horizontal hinge joint e284
Conklinville dam nearing completion *84
Coolidge—cracks not serious n377
Crystal Springs dam—40-year old concrete still watertight. McMillan & Lagaard *766
Monument of capable engineering e755
Earth dam in Hawaii—failure of dam .. e673
Collapses n665
Failure e833
Fill dam of fine volcanic ash fails disastrously *869
Unusual design n*703
Exchequer—cost of 651
Failures:
North Fork concrete dam collapses.. *945
St. Francis disaster to cost Los Angeles n1029
Flaws to be studied by Bureau of Reclamation n914
Folsom dam contract n990
Four steel dams — their design and history 281
High rockfill with jointed concrete face. L. C. Steel (F) ..... †*92
Hollywood Dam — report favors strengthening n540
McIndoes dam construction started n497
Method for rapid setting of form points on small arch. J. Girand 36
Osage River—judge refuses injunction to halt n1071
Owyhee dam concrete mixer *87
Pend Oreille River to have second dam .n948
Pine Canyon, work proceeds n263
Saluda:
Break in downstream dike releases segregation pool *374
Slump at e347
San Gabriel Dam, Calif.:
Canyon surveyed for dam n583
Considering Forks site n539
Favorable site reported n739
Earthquake resistance provided in design for gravity dam 606
Exploratory work justified caution .. e597
Safe dam for canyon. F. C. Finkle. l 412
Scour at dams e1040
State supervision of design and construction. A. H. Markwart 156
Tallassee nearing completion n701
Derricks:
Falling e307
Formulas give length of topping lift for changes in derrick boom radius. D. M. McNeale 986
Detroit:
Politics in engineering e635
Dragline. (See Excavating machinery.)

DRAINAGE

Heavy rains in New Orleans tax drainage facilities. G. G. Earl 907
Increasing drainage canal capacities in New Orleans. A. F. Theard *925
New Orleans—new pumps n786
Drawing and drawings:
Clearness in welding drawings e636
Welding symbols for the draftsman 656
Dredges and dredging:
Pipe-line hydraulic dredge. O. P. Erickson *550
To start dredging channel of San Joaquin n380

DRILLS AND DRILLING

Core-drill cuts 32-in. holes 278
Core drill fittings to be identified by mark 827
Steel and wood combined in light well drill *128
Dump wagon *915
Bottom-dump wagons mounted on crawler treads (Davenport Locomotive & Mfg. Co.) *420

E

Earth fill:
Fill retainer *787
Topsoil for fill slopes e920

EARTHQUAKES

Gravity dam provides earthquake resistance 606

EARTHWORK

Earth-slip hazards and control in highway maintenance. W. S. Downs *794
Earth-slip problem e792
Electric insulator or conductor (Gen. Electric Co.) n346
Electric power transmission:
High-tension line to connect Cincinnati and Louisville n676
Tallest towers to carry power over Mississippi n872
Electric railways:
Fare increase allowed in Baltimore 87
State court upholds 5c. fare in N. Y. City n413
Elevator safety gate. G. E. Peachey e34
Engineering foundation succeeds United Engineering society 87

ENGINEERING

Architects law interpreted to restrict engineering 207
Conditions in Hawaii. H. E. Babbitt .. *976
French pioneers in engineering. J. K. Finch *673
New attack on engineers e963
Politics in engineering. J. Joseph ... l 943
Professional selfishness e270
Present status of major projects (F) .. *254
Restricting the practice of engineering. David M. Oltarsh ..... l 338
Restricting the practice of engineering. John C. Schulze ..... l 536
Structural abroad e309
Engineering Institute of Canada:
Meeting at Ottawa n339
Engineering Society of Wisconsin—convention n377

ENGINEERS

About good sense e791
Another engineer in literature. R. W. Powell ..... l 734
Architects and engineers e309
Architects and engineers e599
Consultant's costs. M. Freund ..... l 1068

Fifty-year rainfall record at Seattle.....c61
Tree rings and long-term rainfall records. F. B. Marsh.....l 338

Reclamation:
Holland reclaiming the sea bottom.....*166
Rea, Samuel—Statue n738
Reflectors:
Sound reflector of novel design for Hollywood Bowl stage.....*393

REGIONAL ENGINEERING AND PLANNING
Chicago. Landing field..... 159
Los Angeles county. W. J. Fox, ch. map. 181

RESEARCH
Bill establishing Hydraulic laboratory signed by president.....n872
Committee formed to carry on work on foundations n704
Field of new association outlined..... 975
Growing industrial research.....e881
Health Institute assured.....n945
Hydraulic laboratory approved.....e833
Illinois dedicates new building for materials testing n874
Industrial research acquires a million dollar plant. H. Hornbostel.....*1013
Laboratory of Aluminum Co. of America.*912
Laboratory plans by lumber association.n992
National hydraulic laboratory.....e883
Practical research e712
Twenty-five years of research.....e753

RESERVOIRS
Gunited column footings provide continuous lining *698
Louisiana favors system..... 85
Rochester's steel reservoir nearly done.n948
Salt Lake rejects wells for reservoir... 865
Small siphon spillway serves city distribution reservoir. J. R. Grant.....*726
Ripper for grading operations.....*463

RIVER IMPROVEMENTS
Arkansas river channel..... 125
Ohio navigation e431
Ohio River canalization its history and possibilities. C. W. Kutz.....*432

RIVERS
Arkansas river dispute 40
California water suit decided n380
Columbia river lights, rockfilled pile foundation. C. F. Ganong.....*147
Missouri River cutoffs. F. Y. Parker..*1042
New York State:
Financing river crossings e713
River cutoffs e1039
Saluda river survey 165
Special master appointed to hear Delaware division case 208
To survey Arkansas River for irrigation and flood prevention n990

Rivets and riveting:
Gas-fired rivet heaters *568
Road Congress honorary commission 166
Rock crushers:
Large crushers shipped to India.....n707

ROOFS AND ROOFING
Combination steel and wood arch roof on St. Louis exhibition building....*935
Welding procedure on two steel-deck roofs *972

S

Safety progress. S. J. Williams 29
St. Louis:
Union station has flat slab concrete track deck. W. F. Saunders, Jr.....*652
Sand:
Device for determining bulking of sand.*743
San Francisco:
Applied to wtaer e635
Municipal ownership of water.....e387
Sanitation:
Chinese sanitation as noted by an American engineer. Harold F. Babbitt....*484
Cities rated in health conservation contest n704
Public Health bill becomes law n702
Unworked sanitary fields e468
Saws:
Power saw in two sizes (Speedway Mfg. Co.) n*345
Scarifiers:
Hydraulic cylinder regulates heights.... 127
Scraper for grading operations *463
Scrapers:
All-steel scraper controlled by tractor operator (Shaw Excavator & Tools Co.) *631
Screen, new vibrating *305
Motor-driven screen tests course materials *1074
Sewage:
Use of sewage for boiler feed studied at Los Angeles 84

SEWAGE DISPOSAL
Gravity system at construction camp.. 762
Progress in Texas 373
Sewage sludge:
Floating cover excludes oxygen from sludge tank *463

SEWAGE TREATMENT
Changes in British sewage-works. M. N. Baker *399
Changes in Great Britain e385
Development in Oregon 1065
Filters, lathe trickling for dairy wastes. 618
Methane produced by digestion of cornstalks 445
Never-ending task e1040
Screens:
Traveling water screen seals bypass openings *707
Sewage utilization 90
Sewage farm displaces filter beds. G. A. Mitchell *65
The Toledo award 91
Treated sewage and laundry waste for auxiliary water supply..... 111

SEWAGE-WORKS
Chicago Lake diversion case—text of decision 696
Columbus council recommends activated-sludge works n414
English sewage-works use bleaching powder as auxiliary treatment..... 286
Owensboro, Ky., has new trunk system.
G. O. Consoer *773
Refuse dumps supplement trickling filters in England 516
Tests of clay tile filter bottom blocks at Akron. A. B. Backherms *986
Trickling filters for Bradford, Eng.... 104

SEWERAGE
Dallas to extend ssytem n414
Water and sewer service e832
Water supply and sewerage of large Japanese cities. H. E. Babbitt *729

SEWERS
Backwater gates control flow in Connors Creek sewer, Detroit. M. F. Wagnitz.*884
Clay linings in concrete sewers range from arch to invert 809
Collapsible forms for curved sewers. West Side sewage-works, Chicago...*1023
Failure in Detroit to be investigated...n665
Infiltration of sewers. H. R. F. Helland.l 412
Lining Seattle sewer tunnel with concrete *442
Outfall sewer joints again e882
Sand-clogged outfall sewer cleaned and joints calked. L. R. Walker.....*905
Sewer and sewage defined by Pennsylvania Court. Samuel I. Sacks.....l 496
Stormwater inlet grating. O. Fufeland..*929
Stress formulas for semi-elliptical sewers c287

SHOVELS
Anti-friction bearing and inclosed gears 127
Automotive principles used in excavator design *463
Handy method of unloading shovel or dragline. Darnall Burks *555

Siphons:
Design of monolithic concrete siphons simplified by use of diagrams. J. J. Doland *1047
Snow, Dean—resigns n*340
Snow fence improvised for roads..... 151
Snow Plows:
Bulldozer attachment for tractors.....*383
Truck mounted rotary plow 45
Society for the Promotion of Engineering Education:
Plans two meetings for engineering teachers n458
Sperry, Elmer A.—dies n1030

STANDARDIZATION
Gains support e1040
Simplifying terminology e921
Sizes for mineral aggregates n704
Standpipes. (See Tanks and standpipes.)

STEEL AND STEELWORK
Adding stories to steel-frame Chicago Bank Building. Max Rosner *516
Develop centrifugal steel-casting process.n345
Embrittlement by heating e674
Flame-cut beam-to-column connections. A. H. Beyer .....l 820
Frame of building without interior posts *828
Framing simplicity in 53-story Lincoln Building. Albion N. Van Vleck.....*388
Imperishable framework e792
New type structural steel exported by Germany 304
Practices in flame-cutting of steel reported harmful *684
Steel and iron work in the old Waldorf-Astoria *807
Steel frames for houses. T. J. Foster (F) .....†*96
Steel frames for houses. T. J. Foster..c*193
Steel erection problem on a 1,000 ft. building c149
Steel frames for houses. T. J. Foster (F) *141
Use of steel to be listed by types of construction n1033

Storage bins:
Design and construction of 125,000-ton rock-storage bin *964

STREET TRAFFIC
Bridge traffic controlled by photo-electric cells *974
Congestion studies to be made in Baltimore 40
Line at side of street-car tracks shows clearance for parking autos.....*987
Parking:
Seattle solves problem *413
Space scarce in San Francisco..... 685
Pedestrians have separate signals in San Francisco *646
Problems growing e919
Toronto has plan for relief n992

STREETS
Stormwater inlet grating. O. Hufeland..*929
Subway construction in New York City.. 158

SUBWAYS
European cities consider construction..n316
N. Y. contract defaulted n1070
160-ton subway tunnel shield moved on one trailer *530
Toronto studies transit problem n379
Trucking subway under Chicago street. J. D. Levin c292

SURVEYS AND SURVEYING
Arkansas River to be surveyed for irrigation and flood prevention n990
Benchmarks established on trees. Wm. Bowie 532
Benchmarks on trees. G. W. Rathjens..l 735
Hydrographic:
Locating soundings by radio 1061
Leveling tachometer *787
Old boundary monuments 895
Solving the three-point problem. D. M. Dodd .....l 908
Solving the three-point problem. F. S. Foote 534
Special truck for survey parties. W. Starkweather *581
Stop watch increases accurary of astronomical observations. H. Tucker 987
Vertical sighting instrument. Douglas L. Parkhurst *483
Winnipeg wants connection with Hudson Bay R.R. n583

T

TANKS AND STANDPIPES
Elevated water tank at Hertford, England *967
Standpipes and water towers. R. L. Sackett .....l 780
Tank faced with stone and brick *863

Towers:
Tower-excavator performance and costs on three types of levee. M. W. Gilland.*510

TRACTORS
All-purpose tractor has built-in hoist.. 127
Crawler traction revolutionizes equipment mobility. A. E. Loder *577
Detachable track for motor trucks (Tructor Corp.) n*345
Elevating grader and crawler wagons. S. F. Beatty *573
Equipment announces 44
Hoist and shovel attachments for mounting (Trackson Co.) *383
Rear crawlers for tractors *743
Shovel attachment 1073
Shovel attachment for digging in close quarters *671
Tractor with electrical equipment (Cleveland Tractor Co.) *588
Transporting and bulldozing unit (National Equipment Corp.) *588

Trailers:
160-ton subway tunnel shield moved on one trailer *530

TRANSPORTATION
Co-ordinated transport systems....e347, e350
Future of railways in relation to other forms of transportation. Elisha Lee.. 350
Hog Island sold to Philadelphia for depot n666
Library on highway transport organized.n992
Railways and bus transportation. Ralph Budd 352
Railways and waterways in transportation system. L. A. Downs 354

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

TRUSSES
Heaviest welded, in Glendale, Calif. H. J. Wallace *144
Roof trusses carry floor e*152

TUNNELS
Boston plans approved n702
Boston water tunnel—explosion from flashlight e674
Channel, gets indorsement *658
Prospects poor e636
Two kinds of caution e961
Explosions—probable cause of premature. W. Smaill l*700
Thirteen men killed in two n989
Holland, receipts for 1929 697
Viaduct 3 miles long will complete gap in tunnel road *973
Hudson River highway tunnel project. . e430
Tunnel planned *454
Italy tunnel completed 40
Moffat bondholders form committee n414
New Tunnel under Thames proposed n945
New York City:
Awards conetract for East River subway tunnels n912
Work on plans for Weehawken tunnel . n990
New York construction advanced by legislature n665
New York midtown project data 531
Portable auto spotlight for tunnel work. A. Evans *776
Railways:
Driving the Tanna tunnel in Japan . . *367
C. & O. eliminate tunnel by deep open cut *359
Holing through a 6-mile tunnel on the Japanese railways. I. Takemata . *1062
N. Y. C. R.R.—driving and enlarging . *638
Report favors tunnel under English channel n537
Six-mile tunnel in Japan 366
Southern Pacific railway refloored under traffic 689
Seattle sewer tunnel being lined with concrete *442
Underground exploration uncertain e348
Ventilation:
Mechanical in tunnel driving 74
Photo-electric apparatus indicates air condition in Holland tunnel 475
Weehawken-Midtown, two states confer on n263
Weehawken-Midtown plans e124
Turbines:
Sweden plans large hydro turbines 195

TYPHOID FEVER
Damages claimed for death due to alleged water n783
Death rates in American cities of more than 100,000 population 1015
Heavy penalties for epidemics e549
Ogden's typhoid outbreak. T. B. Beatty ..... l 1028
Ogden, Utah, outbreak caused by milk . . 95
Olean paying damages for outbreak . . . n582
Pollution of abandoned well causes Fond du Lac epidemic *410
Suits for waterborne typhoid compromised by company n910
Typhoid and water supply e1000

U

U. S. Coast survey—New vessel for survey 395
U. S. Dept. of Commerce—Building code committee. W. K. Hatt 926

V

Valves:
Simple valve controls flow of compressed air *952

VIADUCTS
Allentown viaduct repaired by welding and guniting c*289
Designing the Hyperion viaduct at Los Angeles *476
High viaduct three miles long will complete gap in Holland tunnel road . . . *973
Method of constructing long viaduct of concrete arches. Merrill, Butler and A. L. Enger *524
Pittsburgh viaducts contract awarded . . 39
Woodway Park concrete, Seattle. W. F. Way *327

W

WAREHOUSES
Lackawanna's concrete freight terminal warehouse. M. Hirschthal *519

Water:
Issue devoted to water e831
Research to control consumptive use of water by plants n1032
Water intake:
Waterworks intakes of the Middle West. C. B. Burdick *834

WATER MAINS
Locating a lost main in London *996
Steam prevents freezing of water mains 888

WATER METERS
Meter installation and operation practice. H. P. Matte *857
Piecework pay for meter readers. E. R. Holloway 867
Selective metering considered economical in St. Louis 860

WATER POLLUTION
Abandoned well causes fond du Lac typhoid epidemic *410
Canadian town responsible for deaths due to polluted water 70
Progress in preventing pollution from industrial wastes in Wisconsin 475
Watch underground water supplies e430
Water rates:
Pasadena water department policy 867
Water resources commission:
California members appointed 167
Water resources:
Army engineers study salt water barrier on San Francisco Bay n628
Forty years of research. F. H. Newall (F) *132
Our water resources e131
Water rights:
Connecticut River diversion approved by special master n872
Connecticut River finding e919
Connecticut River report n911
Delaware diversion suit hearings started . n702
Power possibilities excluded from Delaware water case n738
Text of decision in Chicago Lake Diversion case 696

WATER SUPPLY
Amsterdam lock encounters groundwater problem. J. A. Ringers *769
Baltimore extends system n992
California conservation urged as cities face shortage 141
California problem—where water dictated e508
Canadian projects authorized n380
Chicago votes money for filtration n625
Cleveland planning system n582
Colorado supply for Los Angeles 866
Cross connection elimination war in Texas cities. W. N. Dashiel and Edgar Whedbee 444
Denver 50 year-diversion program 168
Denver improves system n702
Everett averts water famine. G. G. Paine *863
Federal and state control of water resources. W. S. Conant 321
Ft. Lauderdale, Fla. plant works miracles e308
Japanese water supply and sewerage. H. E. Babbitt *729
Jersey water problems e431
Legal hurdles get higher e549
Los Angeles seeks more water n540
Meeting a need e881
More exploration needed e962
New Jersey Commission proposes three water districts n458
New Jersey Wanaque project a bad example e507
Problems grow e711
Unwatering problem e754
Wanaque project completed n537
Water towers, see Tanks and standpipes.

WATER TREATMENT
Combined aerator and mixer *995
Developments in water-purification practice. P. Hansen *839
Ft. Lauderdale gives elaborate treatment. F. J. Keis *310
Material for softening water 787
Municipal water-softening plants in Ohio 531
Progress and trends in water softening. C. P. Hoover *843
Purification dominant topic at Amer. Water Works Assn. meeting 980
Purification pre-eminent e831
Truck-mounted water-purification plant for U. S. army *995
Water softening association recommended . . for education of public. A. M. Buswell 846
Why water softening lags e832

WATERWORKS
Costs of a water distribution system. Max Van de Gren 868
Distribution systems practices of a large group of water companies. G. W. Biggs, Jr. *851
East Bay system completed. F. W. Hanna 866
Filtration:
Developments in water-purification practice. P. Hansen *839
For Chicago nearer e754
Filtration plants:
Illuminated fountain at Canadian filter plant *979
Four plants proposed for Chicago . . . 815
Primary filters increase capacity of English plant 660
Financing municipally owned waterworks systems. Howell Wright 861
Germany shows tendency toward smaller prime-movers a329
Materials—prices 877
New Jersey plant appraised n875
Pressure filters at English waterworks . . 198
Problems and practice 1018
Rusking development near Vancouver . . n1029

WATERWAYS
Railways and waterways in transportation system. L. A. Downs 354
Waterworks Mfgrs. Assn.:
Elects officers n995
Water weighing device. M. N. Clair e34
Weighing:
To celebrate centennial of platform scale . n951
Weighing hoppers and scales. P. M. Tebbs . *560

WELDING
Arc-welded—first in Europe. S. Bryla . *644
Beam connection tests discussed at meeting 727
Contractor's views on welding a316
Does welding affect steel injuriously? F. G. Sherbondy ..... l 944
Erection stress in welding construction. H. C. Toensfeldt ..... l 778
Feeding device for heavy welding wire . . *671
Newark has all-welded building n1029
Portable machine tests weld *1073
Qualifying welders e711
Single-operator arc welder 788
Symbols for the draftsman 656
Used extensively in Albany building . . . 1057
Welded factory building planned at Oklahoma City n460
Welding procedure on two steel-deck roofs *972
Welding theory needed e792
Wells:
Drillers consider pollution of underground waters. O. E. Meinzer ..... l 736
Pumping seepage water from wells for irrigation 1020
World-wide challenge. L. Rowland ..... l 943

WHARVES AND DOCKS
Drydock plant for N. Y. State Barge Canal n823
Fire Hazard 185
London-Tilbury Dock n*666
Long piers proposed for New York n539
Oakland, Cal. to have new municipal pier n950
Wind on tall buildings. Elwyn E. Seelye . . *481
Wind storms:
Stop tornadoes by reforesting. J. W. Gregory ..... l 1028
Texas storm disrupts water supply n874
Tornado study e753
Wire:
Strength of copper-steel wire increased . . n827
Wisconsin:
Water, sewage and refuse 719

WOOD
Better lumbering aids construction e675
Cutting heavy timber on the job (DeWalt Products Co.) *631
Plan retail distribution of treated lumber in Ohio 87
Strength of treated fir timbers 372
Termites damage city hall at New Orleans n737
Treated timber in dock and bridge construction 185

WOOD PRESERVATION
British association proposed n345
World Power Conference:
U. S. official delegates n783
